As one of the 'Big Four', the looks sent down the runways at Paris Fashion Week have been igniting trends and shaping the future of fashion for over a century. This beautifully illustrated new edition of Paris Fashion examines the history and culture of style in the fashion industry. Steele provides brilliant insights into the significance of fashion in modern urban society.

More than just a history of famous designers and changing styles, the book is about fashion as a cultural ideal and a social phenomenon. By focusing on a 'case study' of Paris, Steele provides brilliant insights into the significance of fashion in modern urban society.

Paris Fashion: A Cultural History certainly gives one pause to think that there should be a category of study with this kind of "fashionology" and books provides us much French history and understandings concerning to it. Additionally, here's all played part in the evolution of French fashion.
